

Kangrejos 2026

The Rust for Linux Workshop

September 16-17

Las Palmas, Canary Islands

Kangrejos 2026

...this time around, somewhere people actually go on vacation! ;)

Kangrejos 2026 will take place in the **Canary Islands**, a Spanish archipelago off the coast of northwestern Africa, known for their black- and white-sand beaches.

Last year we met in Oviedo, Spain.

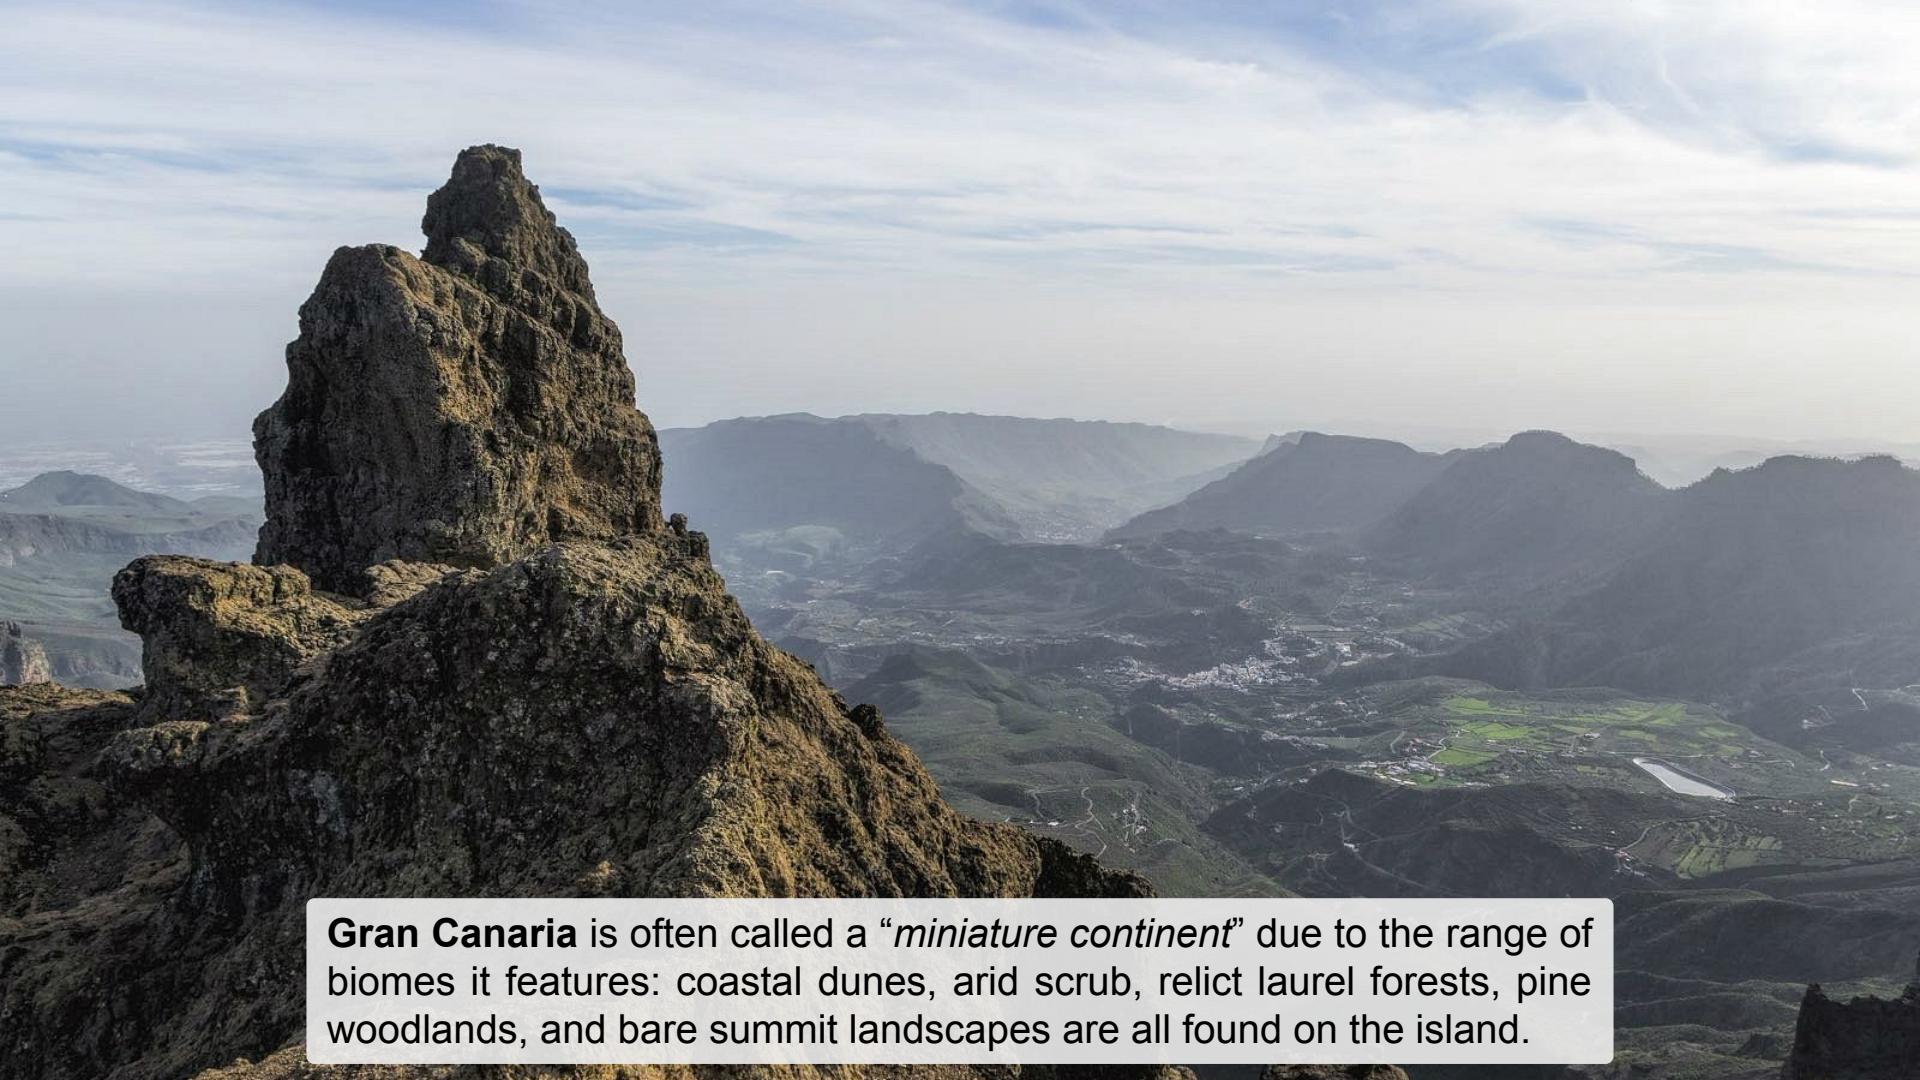

In 2024, we were in Copenhagen, Denmark.

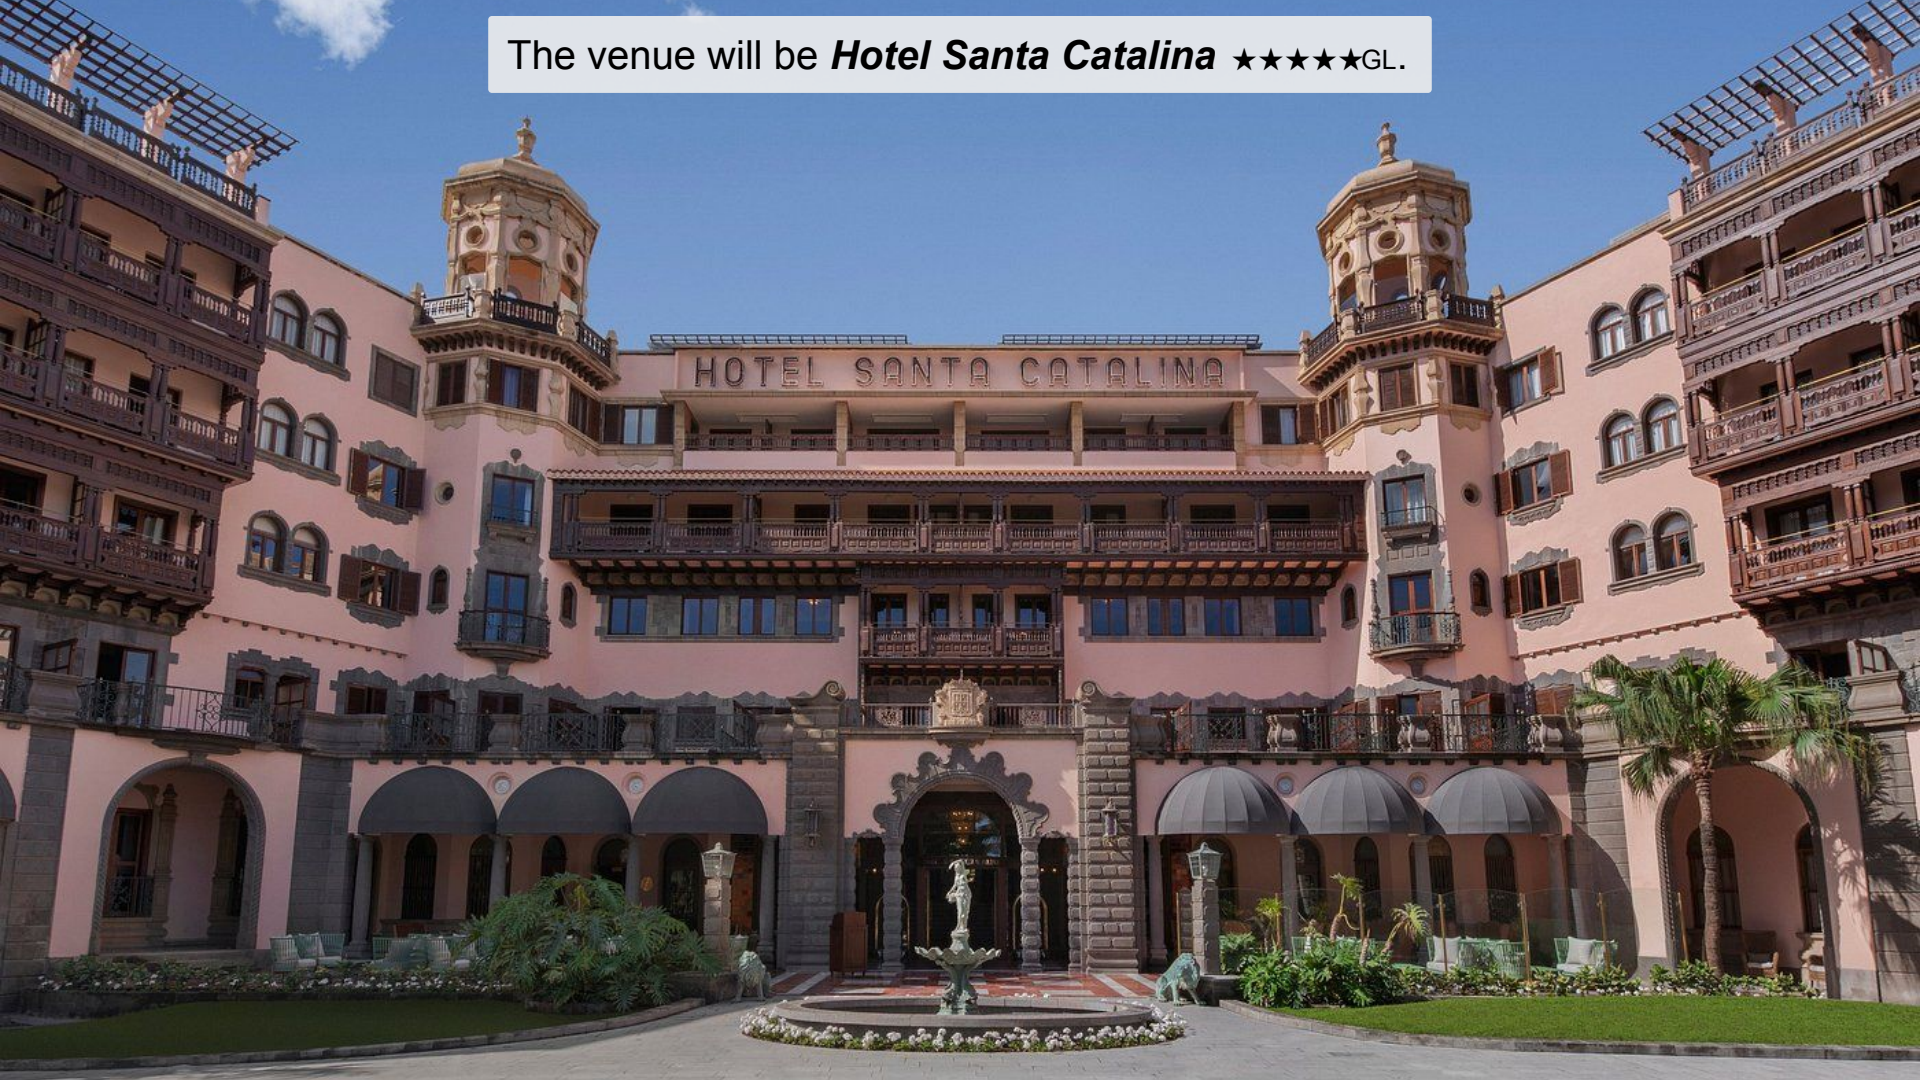

This year we will be in the heart of **Las Palmas de Gran Canaria**,
the capital and largest city of the Canary Islands.

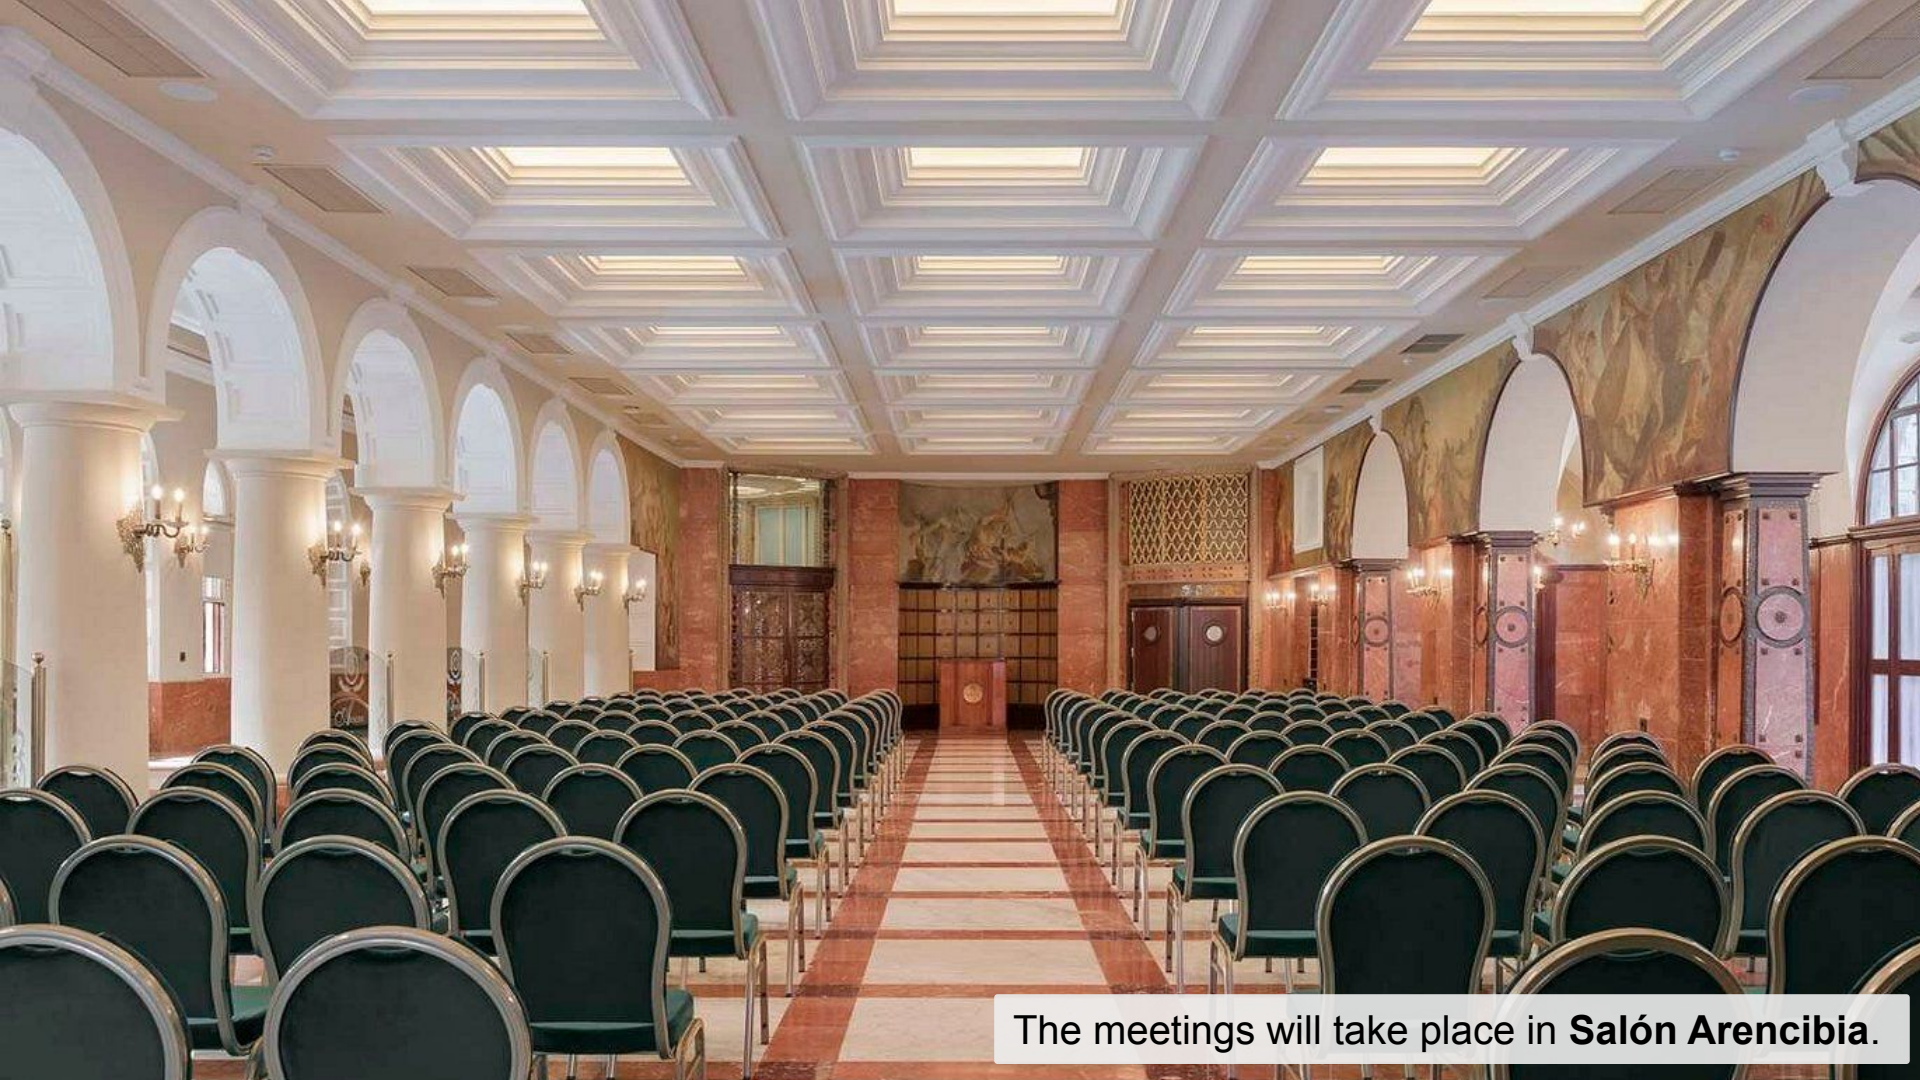

Gran Canaria is often called a “*miniature continent*” due to the range of biomes it features: coastal dunes, arid scrub, relict laurel forests, pine woodlands, and bare summit landscapes are all found on the island.

The venue will be ***Hotel Santa Catalina*** ★★★★★GL.

It is the oldest hotel in the Canary Islands (1890). It has hosted many well-known names throughout its history, such as Winston Churchill, Agatha Christie, Gregory Peck, Ava Gardner, Jude Law...

The meetings will take place in **Salón Arencibia**.

Lunch will be served at the hotel.

As usual, we will do our best to book some nice dinners...

...to taste Spanish food and local specialties such as *gofio*...

...and *papas arrugadas con mojo*.

We will have an informal get-together at the hotel lobby on the evening of the previous day (September 15th).

Flying to Gran Canaria Airport (LPA)

Gran Canaria Airport (LPA) is 25 minutes by taxi from the hotel.

One can also take a bus (e.g. [GLOBAL Línea 60](#)) to reach the capital, and then take a local bus or a short taxi ride. Bus tickets can be bought in the airport. Currently there are 2 per hour between 06:15 and 21:15, plus a couple later ones.

Flying to Tenerife (TFS, TFN)

Another possibility is flying to Tenerife (TFS or TFN) and then taking a local plane between the islands (~30 minutes) to arrive at LPA.

In addition, there are ferries available ([Naviera Armas](#)) from Santa Cruz to Las Palmas every 2.5 hours (~1h40min). They may be a viable option if landing in TFN.
